

QUALITY POLICY

EdmondMarks Technologies continuously strives to meet or exceed our customer's expectations. Our corporate goals are:

*Satisfy our customers' needs and expectations
Produce high quality products
Sustain and develop business growth and intellectual Property*

We will meet these goals and become a leading Electronic Manufacturing Services provider in our industry and market by:

*Focusing on customer service
Focusing on quality and continuous improvement
Providing advanced manufacturing equipment and capabilities to our customers*

Our mission is to provide our customers with a full turnkey electronics manufacturing solution to fulfill their business requirements.

We at EdmondMarks Technologies are committed to continuous improvement to provide a true customer focused, high quality and reliable contract manufacturing solution within our industry.
